### IMPORTANT!

August 30, 2013

As of today, nine AMCs are in the application process. While they have NOT been issued a registration number, under Illinois law, they are still permitted to operate until the Department approves or rejects their application. This means that Illinois appraisers may continue to provide services to these entities and lenders may continue to confidently order products from these applicants. Appraisers must report the AMC registration number on their reports as **"IN PROCESS"**.

The Act states:

Persons practicing as an appraisal management company in Illinois as of the effective date of this Act may continue to practice as provided in this Act until the Department has adopted rules implementing this Act. To continue practicing as an appraisal management company after the adoption of rules, persons shall apply for registration within 180 days after the effective date of the rules. **If an application is received during the 180-day period, the person may continue to practice until the Department acts to grant or deny registration.** If an application is not filed within the 180-day period, the person must cease the practice at the conclusion of the 180-day period and until the Department acts to grant a registration to the person.
